Dear Madam Speaker:

Pursuant to Section 36(c) and 36(d) of the Arms Export Control Act, I am transmitting, herewith, certification of a proposed manufacturing license agreement for the manufacture of significant military equipment abroad and the export of defense services and defense articles in the amount of \$100,000,000 or more.

The transaction contained in the attached certification involves the export of defense articles, including technical data, and defense services to the Republic Korea for the manufacture of F100-PW-229 engine parts to be used in the “Korean Next Fighter II Aircraft Program” for the Republic of Korea Air Force.

The United States Government is prepared to license the export of these items having taken into account political, military, economic, human rights and arms control considerations.

More detailed information is contained in the formal certification which, though unclassified, contains business information submitted to the Department of State by the applicant, publication of which could cause competitive harm to the United States firm concerned.

Sincerely,

Michael C. Polt
Acting Assistant Secretary
Legislative Affairs

DEPARTMENT OF STATE
TRANSMITTAL NO. DDTC 008-09
CERTIFICATION OF PROPOSED ISSUANCE OF AN EXPORT
LICENSE PURSUANT TO SECTION 36(c) AND 36(d)
OF THE ARMS EXPORT CONTROL ACT

(1) Foreign Country or International Organization to Which Export Will Be Made:
Republic of Korea

(2) Dollar Value of the Proposed Export:

(a) Current Notification Value: \$136,000,000

(b) Total Value: Initial Notification

(3) Description of the Transaction:

(a) Current license application: Pratt & Whitney (a United Technologies Company) proposes a Manufacturing License Agreement with Samsung Techwin Co. Ltd. of South Korea to transfer technical data and defense services for the manufacture of F100-PW-229 engine parts (identified as significant military equipment) for end-use by the Republic of Korea Air Force. The requested authorization would also include the assembly, inspection, and test of F100-PW-229 engines. These engines are for use in the "Korean Next Fighter II Aircraft Program" by the Republic of Korea Air Force. The agreement would be valid until September 2018.

(b) Total Scope: Identified Above

(4) Offset Arrangement: This agreement involves an offset agreement with the Defense Acquisition Program Administration that will amount to at least 30% of the value of this agreement.

(5) Authorized Sales Territory: Republic of Korea

(6) Date Certification Delivered to Congress:

NOTE: This report, although unclassified, is derived from information submitted to the Department of State by the applicant which is subject to the confidentiality requirements of section 38(e) of the Arms Export Control Act. Disclosure of an applicant's prices and customers could result in competitive injury.
